Report of the Librarian.

TO THE BOARD OF TRUSTEES OF THE WOLFEBORO TOWN LIBRARY.

GENTLEMEN:—

The sixth annual report of the librarian is herewith presented.

In reporting the work of a library there is much that cannot be expressed in figures or words. We speak in a technical way of the number of books accessioned during the year, and with pleasure of an increase in circulation; but more important than these are the atmosphere of the place and the influence which the library exerts upon a community.

During the past year 135 volumes have been accessioned in the Town book. The gifts to the Brewster and Town libraries have numbered 58 volumes.

The Trustees are specially fortunate in their purchase of the Photographic History of the Civil War. One cannot remain in the library long without realizing the popularity of this work.

Below is given a record of the library circulation for five years. These could not be made consecutive as there is no complete record for the years 1907 and 1908.

	1905.	1906.	1909.	1910.	1911.
January,	715	879	1,190	1,067	1,185

Av. monthly circ.,	685	755	1,002	1,003	1,134

Two noticeable features of the work have been the increased use of the library by the summer visitors and the large circulation of periodical literature.

The sending of books to South Wolfeboro has been continued. Special thanks are due Mrs. Graves and Miss Horne for their coöperation in circulating these books. We should be glad to establish similar stations in other parts of the town, if someone would take charge of the work.

In book selection the aim has been to choose the best books of the day, and books on such special subjects as may be called for; also to add each year some standard works.

Many of the teachers have given their scholars special reading lists. This has proved very helpful.

The following is a statement of the money taken in at the library during the year.

We need, among other things, someone to start a story-hour for the children; more pictures suitable for the library walls; loans of collections to be exhibited from time to time; and cut flowers for the reading tables during the summer months.

Special thanks are due Mr. Edwards for the continued loan of his fine collection of arrow-heads. Adults appreciate these because of their value as a collection, the children because of their association with Indians. Only those in charge of the room can know how certain small boys seldom leave the library without giving the arrow-heads a loving look.

The librarian extends thanks to the Trustees for their faithful service, and for their courteous attention to her suggestions.

Respectfully submitted,

ELIZABETH BREWSTER, Librarian.
